Paving the Road to Leadership in Public Works

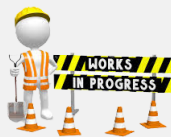

WHAT IS THE LEADERSHIP INSTITUTE

The Florida APWA Leadership Institute arms Public Works leaders with the skills enabling them to create more harmonious and highly functioning work places.

Graduates have improved competence in communication, team-building, conflict management, effective decision-making, project management, and a greater overall understanding of their role in the public works environment.

WHAT YOU NEED TO KNOW

- 90-hour course, divided into three separate 30-hour modules
- Classroom instruction from qualified instructors with experience in Public Works
- On-site tours of facilities highlighting different areas of Public Works
- Specifically tailored for managers, supervisors, and aspiring leaders in the Public Works arena
- Recognized and approved by National APWA and Florida Chapter APWA
- Graduates receive a certificate from the National APWA
